PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science student specializing in full-stack development with hands-on experience in Java, MERN Stack, and web technologies. Passionate about building scalable software solutions and eager to contribute to innovative engineering teams. Seeking an entry-level software engineering role where I can apply strong problem-solving skills and a commitment to continuous learning.

EDUCATION

- | | |
|--|------------------------------|
| • Bachelor of Technology – Computer Science and Engineering
M.I.E.T College (Dr. A.P.J. Abdul Kalam Technical University) | Meerut, UP
2023 – Present |
| • Intermediate (Class XII) – UP Board
Science Stream (Physics, Chemistry, Mathematics) | Meerut, UP
Passed 2022 |
| • High School (Class X) – UP Board | Meerut, UP
Passed 2020 |

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML5, CSS3
Framework: React.js, Node.js, Express.js, MongoDB (MERN Stack)
DevTools: Git, GitHub, VS Code, Postman, npm
Concepts: REST APIs, OOP, MVC Architecture, Responsive Web Design,
SoftSkills: Problem Solving, Responsibility, Honesty & Integrity, Team Collaboration

PROJECTS

- | | |
|---|--|
| Full-Stack Web Application | React.js, Node.js, Express.js, MongoDB |
| – Designed and developed a responsive full-stack CRUD application using the MERN stack with RESTful API integration. | |
| – Implemented user authentication, dynamic routing, and a clean UI, reducing page load time through component optimization. | |
| Java Console Application | Core Java, OOP |
| – Built a Java-based application applying OOP principles such as inheritance, polymorphism, and encapsulation. | |
| – Incorporated data structure operations (arrays, linked lists, stacks) to solve algorithmic problems efficiently. | |

CERTIFICATIONS & ONLINE LEARNING

- Java Programming – Core concepts, OOP, and data structures (self-paced study)
- MERN Stack Development – Full-stack application development with MongoDB, Express, React, Node.js
- Web Development Fundamentals – HTML, CSS, JavaScript responsive design principles

ACHIEVEMENTS & ACTIVITIES

- Actively participated in college-level coding contests, strengthening algorithmic thinking and competitive programming skills.
- Completed multiple personal projects demonstrating full-stack development capability as a self-taught developer.
- Demonstrated consistent academic progression through UP Board examinations (2020, 2022).
